Basic Pulseq Tutorial

Qingping Chen

Division of Medical Physics, Dept. Of Radiology,
University Medical Center Freiburg, Germany

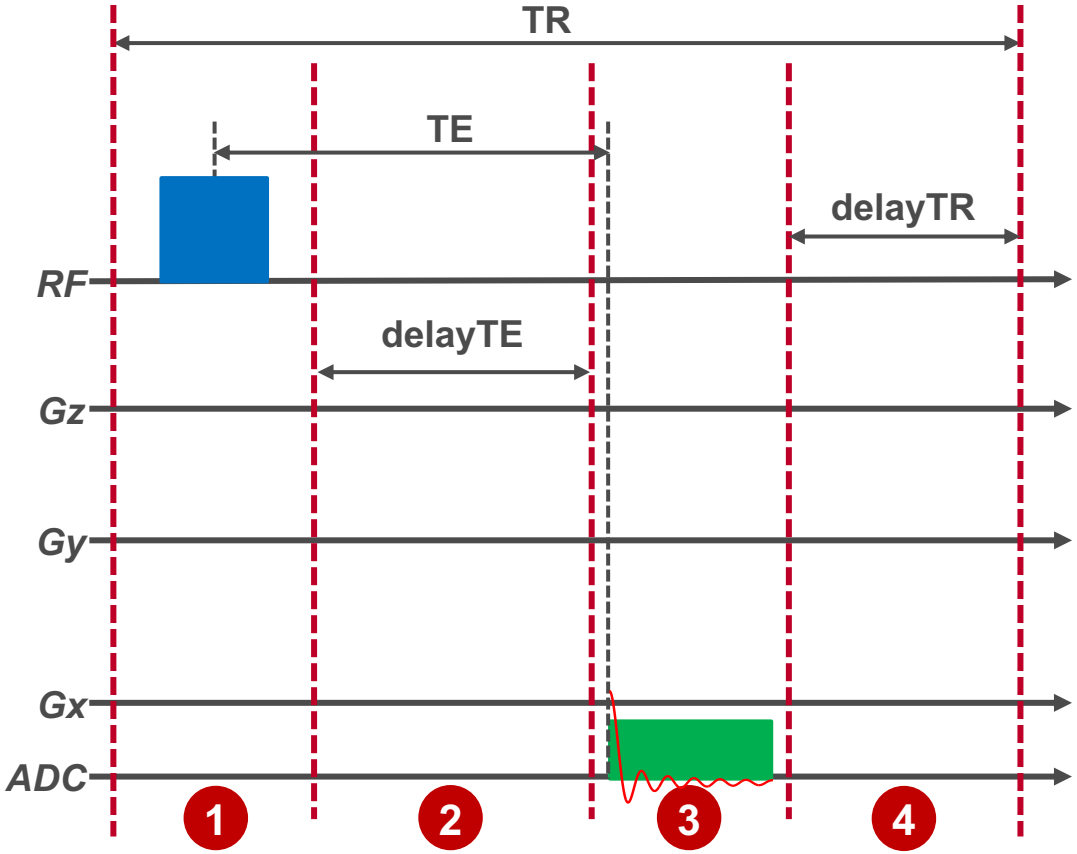
Feb 24, 2026

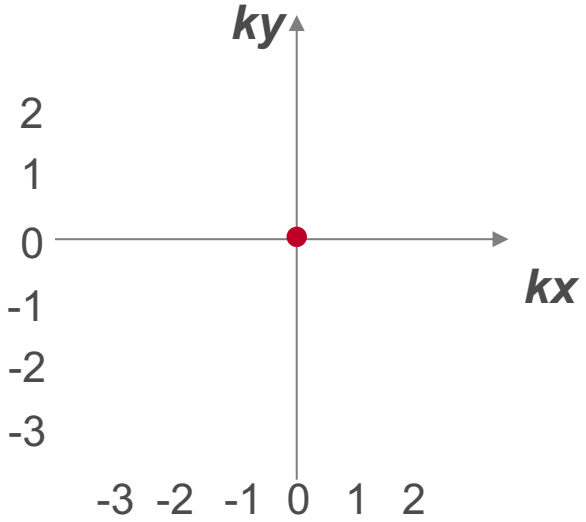
Outline

- **Sequences**:
  - s01_fid: FID
  - s02_fid2gre1d: from FID to 1D GRE
  - s03_gre1d2gre2d: from 1D GRE to 2D GRE
- **Python on Jupyter Notebook within Google Colab**
  - Sequence simulation using Mrzero (https://mrsources.github.io/MRzero-Core/)
  - Reconstruction of the simulated signal
- **MATLAB (translated from Python by ChatGPT)**

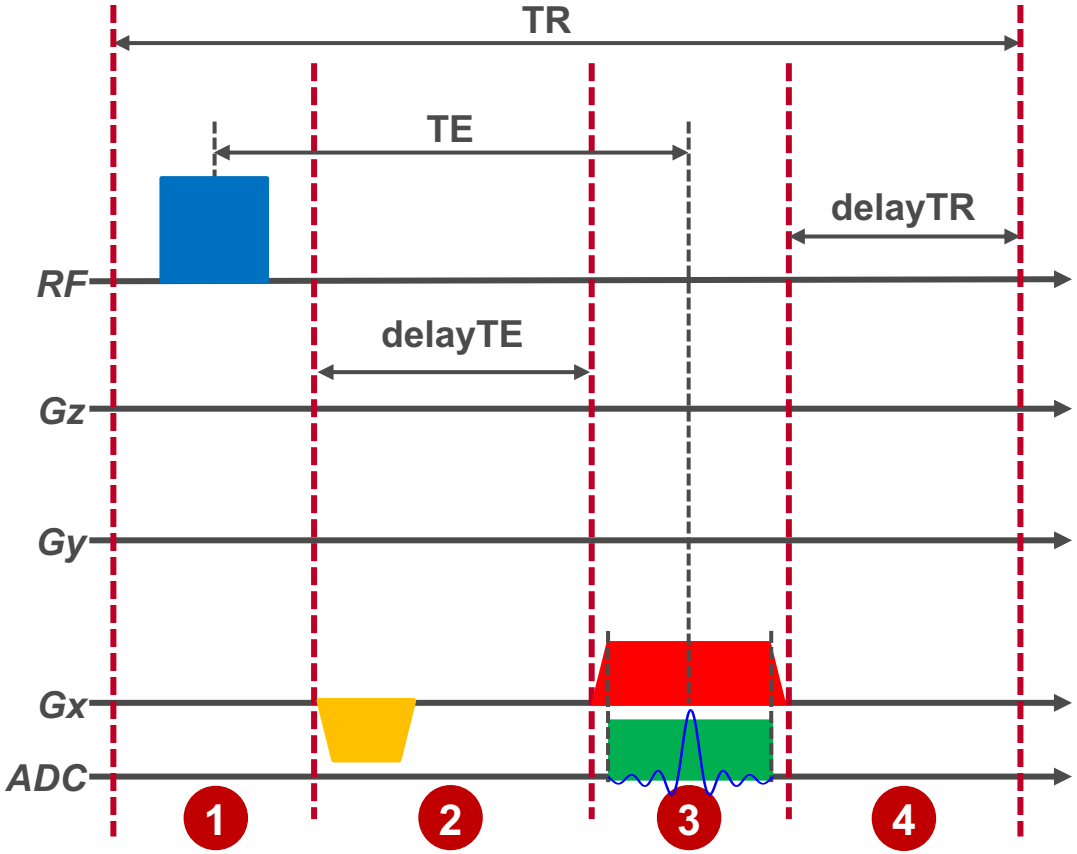
UNIVERSITÄTS KLINIKUM FREIBURG

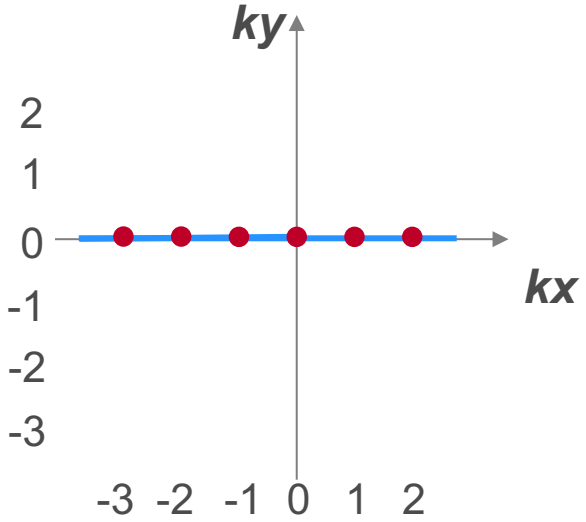
FID





GRE 1D





GRE 2D
